## KIRK PENNER, 3<sup>RD</sup> DISTRICT REPUBLICAN CANDIDATE, AGREES TO INTERVIEW-WILL BE AIRED ON FOX BUSINESS AND BLOOMBERG INTERNATIONAL

Aurora, NE. 1BNovember 29, 2017– Kirk Penner, 3<sup>rd</sup> District Republican Congressional Candidate, has agreed to be interviewed in Los Angeles, CA. on December 5<sup>th</sup> for a program featuring his Aurora based company, Penner Bathing Spas. The program will be aired this spring on Fox Business and Bloomberg International.

The program, Modern Living with Kathy Ireland, is a weekly business television program featuring real-world insights from executives from both small and large businesses all over the globe. Ms. Ireland has gone from supermodel to the cover of Forbes Magazine as one of the most successful self-made businesswomen in the world today.

About the interview, Penner said, “Before I agreed to the interview I looked into Ms. Ireland’s business practices and found we had similar philosophies because we both strive to put the client first and sometimes that means putting people over profit. I look forward to the opportunity to showcase our Nebraska business.”

Penner added “I want people to understand the difference between me and my opponent career politician Adrian Smith.” Mr. Smith has been quoted in 2006 saying, “I hope to be in the House a good long time, I want to get elected and stay there until retirement.” That quote absolutely shocks Penner. “He has done practically nothing in the private sector and that quote gives you a glimpse of what his mindset is when he is in D.C. In order to be there until retirement he has become a “yes man” to the establishment and elites at the expense of the 3<sup>rd</sup> District and I plan to expose his loyalty to D.C.”
